

Dawid Ciborowski

Business & Data Analyst · Project Manager

Brussels · davvidciborowski@gmail.com · linkedin.com/in/dawid-ciborowski

I work out the need with the business, run the project and ship reliable software. Business IT graduate, internship at Infrabel in a Scrum team, four web apps put live.

experience

02/2025 – 05/2025

Test Engineer Intern · Infrabel, Brussels

- Functional analysis with business experts: rules, edge cases, acceptance criteria.
- Automated tests in Python, reviewed and run in the Jenkins pipeline.
- Data analysis (Python, Excel, complex Oracle SQL): defining and tracking KPIs, data consistency between environments.
- Scrum team, Jira and Xray, Confluence; final presentation to management.

07/2024 – present

Museum all-round agent · Belgian Beer World Experience, Brussels

- Coordinated the floor team and built staff schedules.
- Guided tours in French and English; explanations for visitors in Dutch.
- Event organisation; simplified internal processes.

2022 – 2024

Student jobs, sales and service

education

09/2022 – 06/2025

Bachelor in Business IT, application development · Haute École Léonard de Vinci (Institut Paul Lambin), Brussels

Final-year project for a real client, Shifting Pact (12/2024), a team of eight students: project manager and back-end lead, a 21-table SQL schema.

09/2023 – 12/2024

Python, Data Analysis & AI · Tekno-Family
